#### What I Live For.

G. LINNÆS BANKS.

I live for those who love me, Whose hearts are kind and true; For the heaven that smiles above me. And awaits my spirit too: For all human ties that bind me For the task by God assigned me; For the bright hopes left behind me, And the good that I can do.

I live to learn THEIR story Who've suffered for my sake; To emulate their glory, And follow in their wake: Bards, patriots, martyrs, sages, The noble of all ages, Whose deeds crowd History's pages, And Time's great volume make.

I live to hold communion With all that is divine; To feel there is a union 'Twixt Nature's heart and mine: To profit by affliction, Reap truths from fields of fiction, Grow wiser from conviction, And fulfil each grand design.

I live to hail that season By gifted minds foretold, When men shall live by reason, And not alone by gold: When man to man united. And every wrong thing righted, The whole world shall be lighted As Eden was of old.

I live for those who love me, For those who know me true; For the Heaven that smiles above me And awaits my spirit too: For the cause that lacks assistance, For the wrong that needs resistance; For the future in the distance, And the good that I can do.
